

Start with patterned or colored side of paper down.

1.

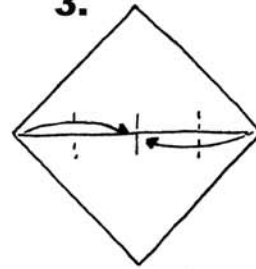

Fold in half from point to point, then unfold.

2.

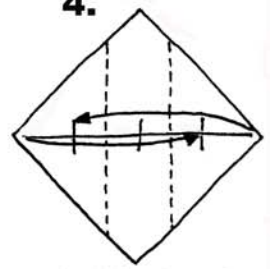

Make a pinch fold in the center by folding in half, but not creasing all the way.

3.

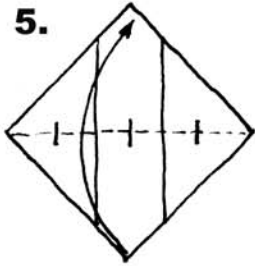

Make another set of pinch folds by bringing in outer points to center.

4.

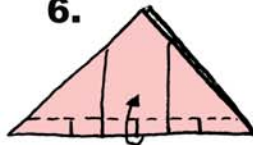

Bring left point to far right pinch and crease. Bring right point to far left pinch and crease.

5.

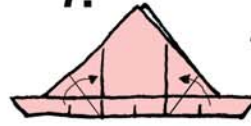

Fold paper along the first crease.

6.

Fold the bottom about 1 1/4" up. (this will determine the width and depth of bag)

7.

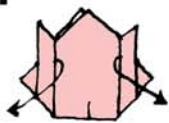

Fold bottom right and left corners up to the side crease lines. Unfold and turn over.

8.

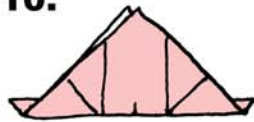

Fold bottom corners up again along same folds.

9.

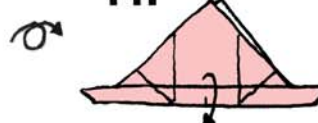

Unfold two right and left flaps.

10.

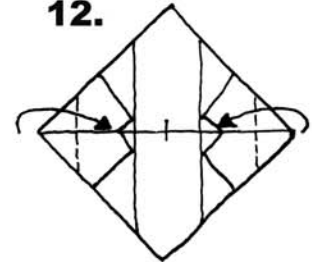

Turn the model over.

11.

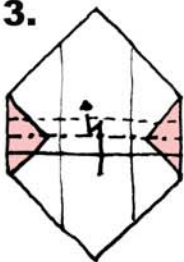

Fold bottom flap down.

12.

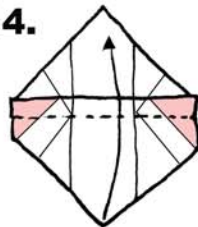

Fold corners in to the innermost crease points.

13.

Pinch center crease up and fold layer up.

14.

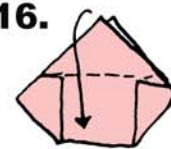

Fold bottom layer up to top layer.

15.

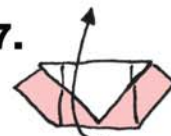

Fold corners along existing creases.

16.

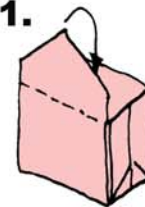

Fold top corners down and unfold.

17.

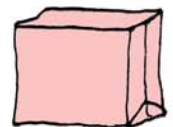

Unfold the model except for the two outer corners.

21.

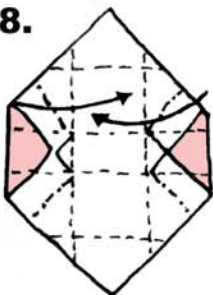

Fold top flap down along existing crease and glue in place.

22.

Add handles and decorate!

18.

Collapse along existing crease lines to create bag shape.

19.

Fold top flap down and put a spot of glue to secure.

20.

Collapse along existing creases to create other side of bag.
