

KISS HOLDER

Designed by Melissa (Menolly13 ~SCS Boards)

Cut cardstock to 3"x8½". Stamp the cardstock with image using the same color ink as the cardstock. Score cardstock strip at 3¾", 4¼", and 4¾". Fold strip 'valley, mountain, valley' - the cardstock strip should form the letter W.

Insert the 1⅜" circle punch from the side as far as it will go and about a third of the way up from the bottom and punch the window. Save the punched out circle to use as the first layer for the embellishment.

Stamp focal image on cardstock and color if desired. Punch out the image with the 1¼" circle punch and adhere to the larger cardstock circle. Punch a hole towards the top of this tag with the 1/16" handheld circle punch.

Sample by Menolly13

Place three Hershey Kisses into a small ziploc bag (they sell tiny ones in the craft dept at WalMart). Fold the top of the bag over and center it between the two ends of the cardstock strip. Punch through all layers with the 1/16" handheld circle punch. Cut a 4" length of ribbon, fold it over and punch one end with the 1/16" punch. Stick a brad through the ribbon and the cardstock & bag layers to hold the treat bag closed. Punch through the other end of the ribbon and insert a brad to attach the circle tag. You're done!
