

2, 4, 6, 8 Acetate Box

by Susie McCormick

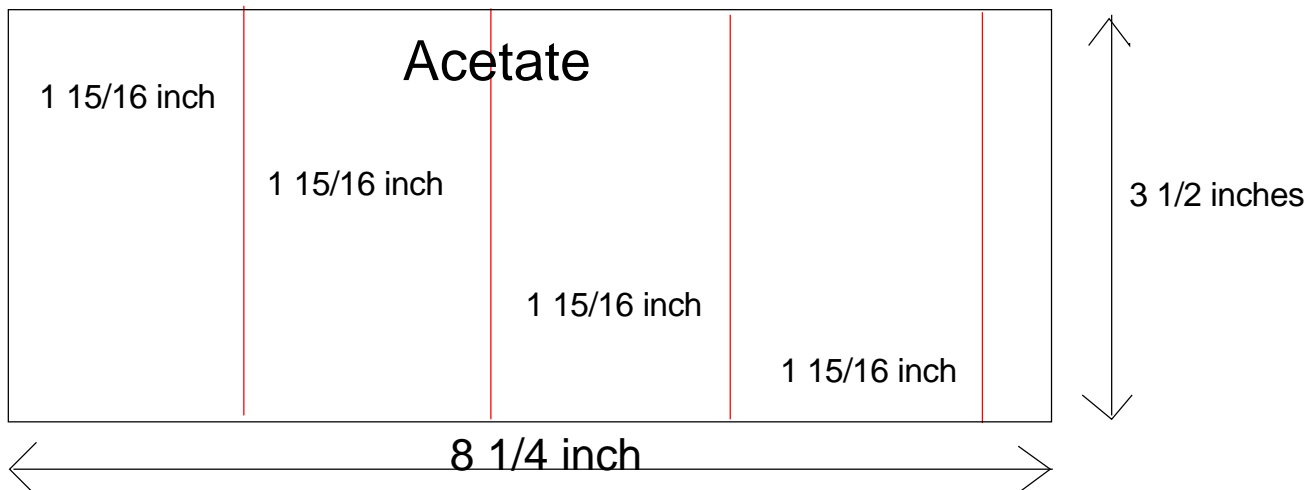

Directions

1. Assemble cardstock top, base and acetate
2. Apply double sided red tape to the sides of the bottom piece, attach acetate.
3. To attach the top, punch a hole in the acetate on opposite sides, approx 1/3 inch down
4. Punch a hole on opposite ends of the sides of the top. They should match up to the ones in the acetate.
5. String ribbon through acetate, then through top. Tie a knot in the top of ribbon.

1. Cut out two, these will be your base and top
2. Cut on black lines, score on red lines
3. Fold, overlapping all of the 2 inch squares.
Tape the last fold with red doublesided tape
This is just a base of a 2,4,6, 8 box

1/2 inch

1. Cut one out of Acetate, score on red lines
2. Tape 1/2" flap to other side using red doublesided tape
