Use this template to print two annual calendars on three sheets of 8.5"x11" paper. If only one calendar is needed, just print pages 1 & 2. Be sure to review carefully before cutting, as several months have six weeks instead of five, so you want to make sure you don't cut the months too short.

This isn't a perfect template, however, the following instructions should result in evenly cut monthly pages. Be sure that you have printed the calendar template without ANY shrinking or expanding; cut 2" off the right margin of each printed sheet; cut page in half between the two columns of months (at 3.25") [the months should be centered in the remaining strip]; cut vertically (across the page) at 2.5" marks to separate the months. Resulting calendar months are 3.25" wide by 2.5" tall.
